

## **Links with Employers**

At Neston High School we pride ourselves on having excellent relationships with a wide host of businesses and Universities, who support us in so many ways; through mock interviews, careers fairs and carousels, workshops, assemblies and as guest speakers. We welcome any opportunity to work with our local and national businesses and institutions.

The introduction of the Gatsby Benchmarks allows us to use these links with employers to work together in creative ways to ensure students are aware of the opportunities around them and are work-ready. We are now able to provide each year group from 7-13 one or more meaningful encounter with an employer so 'a student has an opportunity to learn about what work is like or what it takes to be successful in the workplace.'<sup>1</sup>

If you would like to participate and support us in any activity, please email me at [hyderz@nestonhigh.com](mailto:hyderz@nestonhigh.com). Our provider access policy can be found in the careers section of the website, under the 'about us' tab or by clicking [here](#). We embrace the opportunity to form links with new employers.
